MX™

Transact on the Go.
No Sweat.

If you're not a brick and mortar, don't want to be stuck behind a register, or need to be out and about while transacting, MX Merchant offers a mobile iOS app to suit your on-the-go needs.

MX Express is an easy-to-use application that allows you to accept mobile card payments with optional gratuity and print, e-mail or SMS text customer receipts.

It's free to download, fast to set up and just like MX Merchant, you'll have access to all the comprehensive transactional data that helps to give you a clearer understanding of your business.
